NEWSLETTER SEPTEMBER 2007

Members met at the Elwood Angling Club.

Only three members attended the last General Meeting which was cancelled as Doug Evers-Buckland was ill and I was unable to drive because of a knee operation.

We also have a serious problem merging relating to numbers attending competitions. The Werribee Competition was only fished with about six members and two boats turned up to fish at Inverloch.

About 14 members attended the Casting which was a good day even though it was windy.

AAA is endeavouring to cater for all Clubs but it is hard to know what Clubs require for better attendance at AAA meetings and Competitions.

We are getting affiliation fees in but there are still Clubs that have not replied to the invoice they were sent. Please become Financial before the 2008 Season commences.

SEPTEMBER 2007 MEETING:

The meeting on the 25th September was cancelled. All correspondence and items are held over to the November General Meeting which is the final meeting for 2007.
